

CEE JET™ In the (Real) News

Gold Coast, Australia mayor Tom Tate recently took the time to publicize the city's latest weapon in its extensive arsenal aimed at protecting the coastline – the S.A.M Jet. The Sand Activity Monitoring Jet Ski, which is the name given to the recently acquired CEE HydroSystems CEE JET™ by city staff, allows the collection of hydrographic survey data through the wave zone. The mayor explained that the City will be able to capture vastly more data compared to previous methods that were based on laborious land surveying procedures, creating a more accurate record of sand movement along the coast. CEEDATA Software Update for HYPACK®

Echogram data retrieved from the CEE ECHO or CEESCOPE saved files and uploaded into HYPACK® has historically been down sampled when using the CEEDATA program, leading to a "grainy" echogram record. A recent update has greatly improved the resolution of the saved data when viewed in HYPACK. Get the latest CEEDATA utility on the [DOWNLOADS PAGE](#).

CEESCOPE for Hemisphere Atlas Launched

With the new Hemisphere GNSS P326 Eclipse™ OEM receiver installed inside the waterproof CEESCOPE™ enclosure, the latest CEE package offers a scalable approach combining dual frequency GNSS with the world-wide Atlas L-Band® correction service. [LEARN MORE HERE](#).

Customer News

CEESCOPE-USV Selected for Inception USV

Swathe Services recently concluded field trials of their new USV developed in partnership with MSDS Marine. Using the CEESCOPE-USV to cover all of the echo sounding, positioning, data management and telemetry eliminated the need to develop any custom data systems, resulting in a completely modular and easy-to-use single beam USV survey package. [READ MORE](#).

To watch the CEESCOPE-USV echo sounder in action, take a look at the [DOCKSIDE DEMO](#) video at the end of the newsletter.....

Software

Hydromagic Training Videos are On Line

With increasing number of CEE customers using Eye4Software Hydromagic for data acquisition, we recorded some basic training videos offering a fast and easy way to get started with Hydromagic. Take a look at our new [TRAINING VIDEOS PAGE](#).
